“(…) NAM has again become an effective force in the international arena. Today, NAM is more necessary than ever. If in the past, when there was a struggle between two superpowers, we fought to occupy a worthy place in the world, today we should fight off the risk of unipolar hegemonism and work for the only viable, enduring and acceptable way to survive, that is, for a multilateral world to prevail where peace, freedom, development and progress can be realized by all”.
